METAL ROOFING SHEET

Made for your next building.

FACTORY-DIRECT SUPPLY / CUSTOM PROFILES & COLOURS

PPGI / PPGL / GALVANIZED / GALVALUME

Bring shape and colour to your building envelope. BOMIS STEEL supplies profiled steel sheets for industrial, commercial, agricultural and residential projects.

PROFILE

Corrugated, trapezoidal and tile-style options.

FINISH

Metallic or prepainted surfaces to suit the project.

CUSTOMIZE

Specify colour, dimensions and packing requirements.

Select a profile. Send your requirements. Get a quote.

01 / PRODUCT PARAMETERS

Specify the right finish

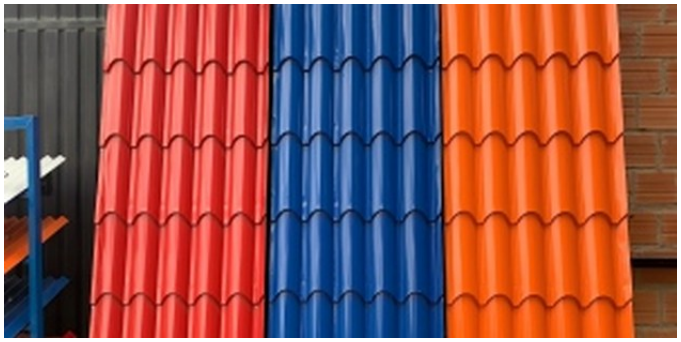

Material and coating options for your roofing sheet enquiry.

Material options	**Galvanized steel / Galvalume steel**
Prepainted options	**PPGI (zinc base) / PPGL (Al-Zn base)**
Profile families	**Corrugated / trapezoidal / tile-style**
Colour	**RAL colour or customer sample**
Top paint coating*	**7-25 microns**
Back paint coating*	**5-20 microns**
Finish options*	**Matte / high-gloss / wrinkle / embossed**
Protective film*	**Available on request**
Packing	**Waterproof paper + steel cover + steel straps**

*Paint parameters and decorative finishes apply to prepainted products. Confirm the coating build, metallic coating mass, steel grade and tolerances for your selected material.

CORRUGATED FINISH

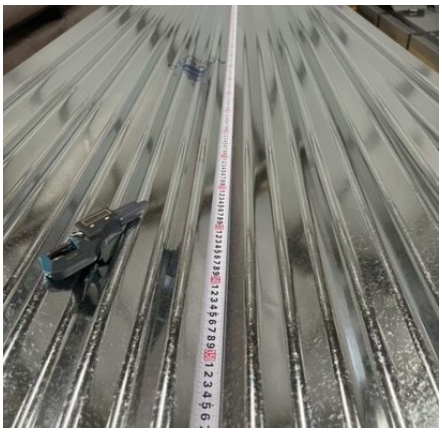

TILE-STYLE COLOUR OPTIONS

Final specifications are subject to the selected profile and order confirmation.

02 / MODEL COMPARISON

Choose your coverage

Representative models featured in the BOMIS STEEL roofing range.

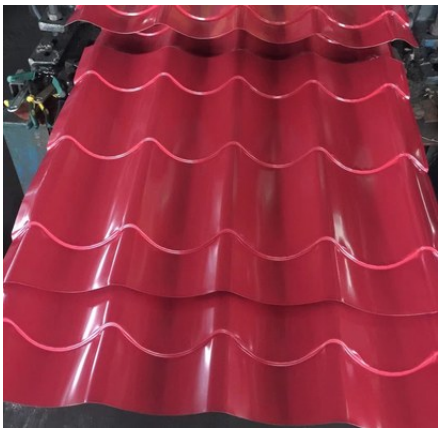

YX18-76-800

Corrugated wave

YX15-225-900

Profiled metal panel

YX28-207-828

Tile-style panel

MODEL	COVER (mm)	BLANK (mm)	THICKNESS (mm)
YX18-76-800	800	900	0.10-0.50
YX15-225-900	900	1000	0.50-0.60
YX28-207-828	828	1000	0.12-0.80

Cover = effective coverage width after side lap. Blank = expanded sheet width before forming. Published thickness ranges are model-specific; confirm BMT/TCT basis and tolerances when ordering.

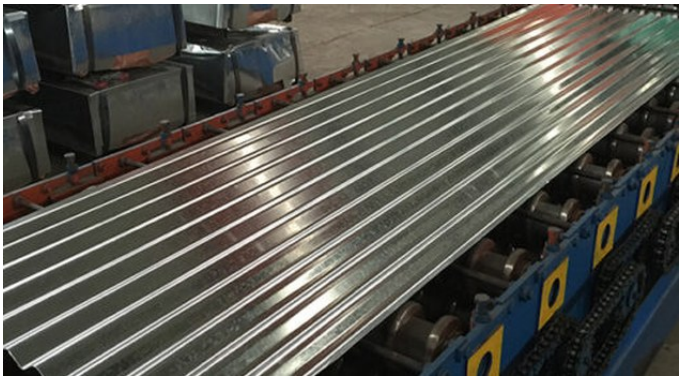

SEND A PROFILE DRAWING

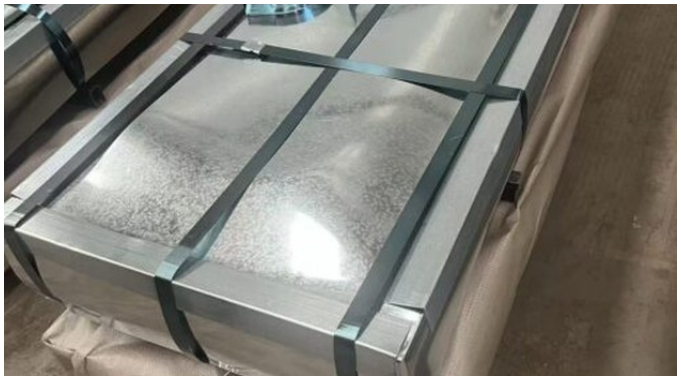

Need another rib shape or coverage width? Share your section drawing, sheet length and project quantity for a tailored quotation.

03 / PLAN YOUR ORDER

Build with BOMIS STEEL

A direct route from project requirements to a product quotation.

APPLICATIONS

Factories and warehouses, shops, agricultural buildings, homes, garages and sheds. Match the profile and coating to the intended application.

EXPORT SUPPLY

Discuss sample selection, sheet dimensions and seaworthy packing. Confirm quantity, inspection requirements and delivery schedule with our team.

WHAT TO INCLUDE IN YOUR ENQUIRY

Profile / substrate and grade / thickness and BMT or TCT basis / coating / RAL colour / sheet length / quantity / destination port.
